

REMARKS

Claims 1-3, 5-12, 14-19, 22 and 26-30 are pending. As all of the pending claims have been indicated by the Advisory Action as being allowed, Applicants respectfully request passage of this application to issue.

Claims 4, 20, 21 and 23-25 have been cancelled without prejudice or disclaimer. Claim 4 recites a molecular weight as "g/mol." As "g/mol" is definite term, satisfying 35 USC § 112, second paragraph, it is Applicants' position that claim 4 is also allowable. Moreover, claims 23-25 refer to weight ratios, i.e., a ratio of weights, and do not require any specific method of measuring, as long as the methods permit direct comparison. Thus, it is Applicants' position that claims 23-25 are also allowable. However, in the interests of expediency, these claims have been cancelled. Applicants expressly reserve the right to file one or more continuing applications reciting the subject matter of any of claims 4 and 23-25.

Previously rejected claims 20 and 21 are also cancelled.

If any fee is necessary to make this paper timely and/or complete, such fees may be deduced from Deposit Account No. 19-4375.
